Course Information

This new regional course is a
 Foundation in Osteomyology.

Comprising of 9 course dates from
 February to November 2018
 (All course dates take place on Sunday)

During the year, you will learn basic
 body work, manipulation, muscle
 energy techniques, soft tissue work,
 anatomy and physiology.

The course awards a Recognised
 Qualification and the first year free
 membership to
 "The Association of
 Osteomyology"

By the end of the year, **you** will be able
 to set up your own clinic and treat your
 patients effectively and safely

Course Objectives

- To teach the participants the necessary skills to enable them to treat patients Safely and effectively
- To provide participants a safe environment to learn and practice these skills
- To provide a mentor to each participant so they know they have support all the way through and after the course
- To test the participants knowledge and skills to ensure they are competent and safe to treat patients

Included in the Course

- All lectures
- Course notes
- Anatomy and physiology text books
- Free 1st year membership to the association
- New static couch
- Christmas lunch
- Award Ceremony
- Christmas Graduation Ball with
- Luxury overnight accommodation in Warwick

Whether you have any experience in body work or not, this course will enable you to be a truly holistic practitioner that can switch from one modality to another to suit the patient that you are treating.
